

# New Orleans Chapter Newsletter

Society of Independent Professional Earth Scientists  
May 2015

## Chairman's Column

Last month, 28 members and guests heard an interesting discussion by our Chapter Secretary, Art Johnson, regarding the changing world of technical publications. Art has published a number of books and articles, so he has an extensive background on the subject.

This month, on May 19, we will have the annual evening dinner meeting, for members, spouses and guests. Andrea's will offer a choice of three entrees, along with soup and salad. Wine will be served with our meal.

Carlo Christina and Eric Broadbridge have prepared an interesting presentation, commemorating the 40th anniversary of the discovery of the Tuscaloosa Trend in Pointe Coupee Parish.

The current slate of officers has agreed to serve another term; however, we still need a Vice Chairman to arrange for speakers starting in September. Please consider helping the chapter in this spot!

Next month is the SIPES National Convention in Utah. If you plan to attend, let me know since we need a representative for our chapter.

We are currently considering a few changes to our meeting procedure, and will send out information over the summer, if needed.

As we approach the end of our meeting year, I would like to thank the officers and committee chairmen for their work during the year, along with Carol St. Germain, our administrative secretary.

*Louis E. Lemarié*
