David Schneider

Reservoir Engineer
LLOG Exploration

Thursday, January 18th Bistro Orleans- Metairie

Social 11:30 AM Lunch 12 Noon

Reservations and guests: Carol St. Germain - 504-267-3466

Taggart is Deep Water field located in Mississippi Canyon 816 just south of the existing Triton/Goldfinger subsea infrastructure that flows to the neighboring Devils Tower spar. The initial discovery well was drilled in 2013, with subsequent delineation wells drilled in 2015 and 2019. The project was sanctioned in mid-2020 as a 2-3 well subsea tieback to Devils Tower, with the first two wells brought online February 2023 and the third well scheduled for a mid-2023 IP. This talk will outline the field history, development plan, and well performance.

Biography of David Schneider: David Schneider is a Reservoir Engineer at LLOG Exploration and is responsible for multiple subsea tieback projects in the Deepwater Gulf of Mexico. Prior to joining LLOG in 2018, he held multiple technical and managerial positions at Stone Energy Corporation and Eni Petroleum. David graduated with a BS in Mechanical Engineering from the University of Louisiana at Lafayette (2007), and an MBA in Finance from Tulane University (2017).
